WEATHER

Weather delays will result in waiting as long as possible to get games played and completed. Coaches, players and parents need to understand that decisions to continue games is determined by the Kino Sports Complex field crews in conjunction with the Kino Baseball League and the umpires.

Game delayed by lightning (unlikely in November but just in case) the Kino Sports Complex event staff will result in teams and spectators vacating the complex and head to the parking lot and their vehicles and we will wait as long as possible to resume the games.

The tournament format may be changed to lesser time limits, fewer innings, cancellation game or seed advancement to complete the tournament. Results and awards distribution may be based off pool play seeding, instances where game are played without an elimination finish. If the weather becomes a factor, we may revert back to first pool play game or 1/2 of the official game time for the playoff seeding.
